

ENGLAND IS IN DESPAIR

Plunged Into Anxiety and
Suspense Over Warren's
Defeat at Spion Kop.

CRAZE FOR WAR NEWS

Fears That Buller's Next Dis-
patch Will Record a
Dreadful Disaster.

BUSINESS PRACTICALLY AT A STANDSTILL IN LONDON.

Report From Transvaal Sources That
Mafeking was Relieved on January
23—British Losses in a Lively
Skirmish on the Upper Tugela—
English Losses to Date are 8,514—
Result of Seven Days of Fighting
Before Ladysmith—Europe Pleased
With the News of England's Defeat.

London, January 27.—[Special Cable-
gram]—Twenty-four hours have elapsed
since Gen. Buller's message dispatch an-
nouncing that Gen. Warren had
abandoned Spion Kop was given out by
the war office and nothing further con-
cerning the reverse has materialized.

As a result England is again plunged
into the anxiety and suspense which
marked the two days previous to the
news of Warren's ill-starred occupation
of the Kop.

So acute is the tension that business
is only half-heartedly attended to. On
the stock market trading is practically
at a standstill.

So intense is the craze for war news
that a rumor is current since yesterday
morning that the war office has received
and is holding back later news of an un-
pleasant character: The rumor is still
unconfirmed, but its currency is signifi-
cant of the feeling prevalent that Bul-
ler's next dispatch will contain a con-
firmation that Warren's reverse was a
disaster.

Buller Pulled Into a Trap
London, Jan. 27.—[Special Cable-
gram]—The Star prints a telegram
from Berlin saying that the German
papers have an alleged Pretoria dispatch
to the effect that Warren was enticed to
Spion Kop by the Boers who then fell
upon him, forcing him to abandon
seventeen guns. Gen. Buller can save
himself says the report, only by a hasty
retreat across the Tugela.

Warren's Losses Still Unknown
The war office has posted a report
calling attention to the fact that Wed-
nesday's casualties reported yesterday
were confined to Lyttelton's brigade.
The notice points out that Gen. War-
ren's casualties at Spion Kop are still
unknown.

Has Mafeking Been Relieved?
Lorenzo-Marques, Jan. 27.—[Special
Cablegram]—It is reported on good
Transvaal authority, that Mafeking was
relieved January 23. It was relieved, it
is said, by Plummer's forces. The war
office has no confirmation of the rumor.

Skirmish on Upper Tugela
Pretoria, Jan. 27.—[Special Cable-
gram]—Lucas Meyers' commands sur-
prised a party of Boethunes horse on
the upper Tugela, killing twenty captiv-
ing fifteen. Fifty British prisoners ar-
rived today, including twenty officers,
members of the New South Wales lanc-
ers.

French Makes a Sortie
Rensburg, Jan. 27.—[Special Cable-
gram]—General French made a success-
ful reconnaissance today at Coloburg,
driving away several parties of the en-
emy which were harassing his outposts.

American Contraband Flour
London, Jan. 27.—[Special Cable-
gram]—Ambassador Choate has been
informed that some of the American flour
seized in Delagoa Bay, was found to be
actually addressed to the Transvaal
government. This flour, Choate was
further informed, will be confiscated.
Apparently this latest development will
reopen the whole question of contra-
band.

Some Big War Figures
London, Jan. 26.—The total British
losses to date are 8,514. The total
forces placed by England in south Africa
to date are 113,868 men, 19,784
horses, 85 machine guns, and 242 field
guns.

The total now at sea is 17,309 men,
4,141 horses, 4 machine guns, and 98
field guns.

The total losses to General Buller's
forces since the beginning of his flank-
ing movement on Jan. 10 are 67 killed,
579 wounded and 60 missing.

Seven Days of Fighting
London, Jan. 27.—Seven days of

fighting have left the main Boer posi-
tions intact and General Buller's army
706 weaker, according to official casualty
lists, which seemingly do not include
the Spion Kop losses, as those last for-
warded do not mention General Wood-
gate's wounding. England is possessed
by a depressing sense of failure.

Macrum on His Way Home
Paris, Jan. 27.—[Special Cablegram]
—Macrum sailed for the United States
today.

HEIRESS LIVING IN A HOVEL.

Mary Fox, Left \$24,500 in a Will, in
Poverty at Denver.
Denver, Colo., Jan. 27.—In a wretch-
ed little hovel on Page street lives
Mary Fox, heiress to \$24,500 by the
will of her father, Henry Fox of St.
Louis. She has lived there for several
years as the wife of Samuel Mitchell,
a gray-haired old negro, who makes a
living as janitor, coachman or whatever
occupation offers. Mary Fox eloped
fifteen years ago from St. Louis with
a lover who left her in Nebraska. By
degrees she sank to her present state.
Her father on his dying bed related
and remembered her in his will.

GEN. BOARDMAN IS MADE PRESIDENT

HEAD OF THE WISCONSIN NA- TIONAL GUARD SOCIETY.

Adjournment at Milwaukee Yesterday
Afternoon—Meeting Will be Held at
Same Place Next Year—Milwaukee
Road Will Extend to Superior—
Badger News.

Milwaukee, Jan. 27.—After electing
officers for the coming year and listen-
ing to several papers of more than ordi-
nary interest, the annual convention of
the Wisconsin National Guard associa-
tion came to a close yesterday after-
noon. The election resulted in the unan-
imous choice of all of the old officers, as
follows:

President—Adjutant General C. R. Boardman,
Madison.
Vice President—Colonel Orlando Holway,
Third regiment, La Crosse.
Second Vice President—Col. N. E. Morgan,
Second regiment, Appleton.
Secretary—Colonel W. H. Patton, assistant
adjutant general, Oshkosh.
Treasurer—Lieutenant Colonel G. H. Joachin,
First regiment, Madison.

The next meeting will be in Milwau-
kee, though the exact date will be left to
the board to select. The business of
yesterday's session was quickly disposed
of, as it consisted merely of the appoint-
ment of Captains Cousins and Greene to
draft resolutions endorsing the action of
the Inter state Guard association in en-
deavoring to obtain a \$2,000,000 annual
appropriation from the general govern-
ment.

Will Extend to Superior
West Superior, Wis., Jan. 27.—State
Railway Commissioner Rice, who is in
the city, states that he has positive in-
formation that the Chicago, Milwaukee
& St. Paul railway, will build to this
city the coming season, work to begin
as soon as possible in the spring. Ter-
minals and a route have already been
surveyed. Bayfield, Burnett, Polk and
Douglas counties will be crossed by the
new line.

Medical Examiners to Meet
Oshkosh, Wis., Jan. 27.—The last
meeting probably of the State Board of
Medical Examiners previous to the go-
ing into effect of the Registration law,
will be held at La Crosse, Feb. 13. Dr.
Harvey B. Dale of this city, president of
the board, says that of the 3,000 prac-
ticing physicians in the state only about
one-third have complied with the law
which becomes operative April 1, and
that those physicians who do not obey
its mandates by Feb. 1 will surely be
prosecuted.

Three Killed in a Mine
Hurley, Wis., Jan. 27.—At the Super-
ior mine, located west of Hurley, the
timbering gave way on the eighth level
yesterday forenoon, and killed Fred
Lind, Victor Fredrickson and Walter
Grazesky. Charles Nitlerbad and Joseph
Enamo were injured and the latter
may die.

LOVE IGNORES COLOR LINE.

Refined White Girl Becomes Infatuated
with a Negro Thief.

Detroit, Mich., Jan. 27.—Mary Leche-
vsky, a 17-year-old white girl, left her
home a few days ago to go to live with
a colored family of thirteen persons in
a house of four rooms. The girl has
a good education and every appearance
of refinement. Last summer she be-
came infatuated with a negro thief,
who was confined in jail, making daily
visits to him, carrying bouquets and
dainties. A little later she left the
home of her parents, who are well to
do and highly respected, to live with
the colored family amid surroundings
of squalor, poverty and filth.

Honored by Lamp-Posts.

There are several curious features
in the local government of Edinburgh,
not the least strange being the lamp-
post dignity conferred on the leading
civic officials. In order to impress up-
on the public the importance of the
lord provost two lamp-posts, each with
the city arms, are erected outside his
residence. The bailies, the dean of
guild, the convener and the treasurer
are only "a little lower" than the pro-
vost, for they each have one special
lamp-post to lighten up the precincts
of their residence.

JAPAN IS EAGER TO FIGHT RUSSIA

An Alliance Between the
Mikado, Great Britain
and China.

LOOMING WAR CLOUDS

Army and Navy of Japan are
Being Developed as Rapid-
ly as Possible.

Island Empire Relies Upon China and
Great Britain to Help Her Ambitious
Schemes in the East—Russians
Ready to Move in India—Czar is
Negotiating to Borrow Money in
Berlin.

Portsmouth, England, Jan. 27.—[Spe-
cial Cablegram]—The new Japanese
battleship Shikishima sailed for home
today on hurry orders sent as a result
of new developments in China.

It is believed that Russian territorial
aggression on the Chinese Empire will
bring on war. Japan has been making
extraordinary preparations for some
time.

St. Petersburg, Jan. 27.—From an
authentic source it is learned that in
diplomatic and governmental circles
here it is considered assured that Japan
is ready for a war with Russia, and that
the policy and efforts of Japanese state-
ments are directed along the line of an
alliance for offensive purposes between
Japan, Great Britain and China.

Japan is plainly anxious to resist and
paralyze Russia's successful invasion
and predominant influence in eastern
Asia, and as a preliminary to the desired
conflict suggests to China the establish-
ment of a military academy at Peking,
where Japanese officials shall instruct
the Chinese in the art of war. This
proposal, it is believed here, will be ac-
cepted, despite the opposition of Rus-
sia, France and Germany.

The Japanese arsenal are at their busi-
ness—that is a matter of Russian mil-
itary information. The army and fleet
system of coast defenses has been de-
veloped and improved, and recent in-
spections have shown that they are sat-
isfactory to the mikado's war office.

Russia Wants to Borrow Money.

Berlin, Jan. 27.—According to the
Tages Zeitung, Russia has opened nego-
tiations with prominent Berlin financiers
for the floating of a new Russian loan.
The Tages Zeitung adds that in Reich-
bank circles this news has produced
great consternation, the fear being ex-
pressed that if the attempt is successful
the already weak money market will be
unfavorably influenced and the discount
rate accordingly raised.

Forming a New Squadron.

Moscow, Jan. 27.—The Russian
admiralty has appointed Admiral Birilief
to the command of a separate Mediter-
ranean squadron, additional to the main
squadron commanded by Admiral Wal-
rond.

STUDENT DROWNED IN ROCK RIVER

Albert D. Burns of Beloit College
Skated Into an Air Hole
Last Evening.

Beloit, Wis., Jan. 27.—[Special]—Mr.
Albert Dennis Burns, a member of the
Beloit college senior class, was drowned
in Rock river last evening about 5
o'clock. He was skating and ran into
an air hole.

The accident occurred near Mrs.
Adams' summer cottage north of the
city. Mr. Burns was business manager
of the College Round Table and a mem-
ber of the College Y. M. C. A. He was
also an active member of the Presbyte-
rian church and was highly esteemed by
all who knew him for his honesty and
uprightness in all his undertakings. Mr.
Burns would graduated this June and
has been working his way through
school. His home is at Sweetwater, Ill.
He was twenty-five years of age. The
community at large are in deep sorrow
over the terrible accident.

Big Salaries.

New York Press: Speaking of big
salaries, the biggest on record was
paid to George Gould. For ten years
work his father gave him \$5,000,000.
The amount went down as "for serv-
ices rendered." That was at the rate
of \$500,000 a year. The highest salary
ever paid a railroad president was
\$75,000 a year that went to Sir William
C. Van Horn when he was president of
the Canadian Pacific.

A Famous Eagle.

The eagle which originally decorated
the stern of the famous schooner yacht
America—which first won what is now
known as the America cup—is now the
sign of the Royal Eagle hotel at Ryde,
Isle of Wight, overlooking the scene
of the vessel's triumph over her Eng-
lish competitors in 1851.

JENKINS AFTER THE MONOPOLIES

Radical Anti-Trust Measure
Introduced by Badger
Member of Congress.

IS HEROIC TREATMENT

Bill Proposes an Amendment
to the Constitution of the
United States.

Places All Corporations Under Control
of Congress—Includes Power to Im-
pose a Franchise Tax—Also For-
feiture of Franchise—States Given
Power to Control Trusts—Com-
mander For Battleship Wisconsin.

Washington, Jan. 26.—Anti-trust
measures are being introduced in Con-
gress in large numbers, and if the one
presented by Representative Jenkins of
Wisconsin yesterday should be adopted,
the great corporations could be driven
out of existence and their property con-
fiscated whenever the law officers of the
government saw fit to take such action.
It proposes an amendment to the con-
stitution and applies to all territory
subject to the jurisdiction of the United
States.

It declares Congress shall have the
power to control any corporation for the
purpose of commerce between the states,
including the railroads, telegraph, tele-
phone, express and sleeping car com-
panies. All corporations in the United
States shall be under the control of con-
gress, including the power to impose a
franchise tax, terminate the existence of
the corporations, the forfeiture of their
franchises, and the control and disposi-
tion of their property. Congress shall
also have the power to enforce this ar-
ticle by appropriate legislation. In the
absence of legislation on the part of con-
gress all powers conferred thereby may
be exercised by the states.

It will be seen the Wisconsin man
proposes to resort to heroic treatment
to control the trusts, but he evidently
has the backing of the people of his
state on the question, as its legislature
has already petitioned congress to pro-
pose an amendment to the constitution
for the purpose of controlling the great
corporate interests.

Cotton to Become Rear Admiral

The requests which have come to the
Navy department that if possible Capt.
Cotton, the Wisconsin naval officer, be
given the command of the battleship
Wisconsin when that ship is placed in
commission, are met with the reply
from the Navy department, that the
present indications are that Capt. Cot-
ton will not be given this assignment
for the reason that he will be promoted
to be a fleet commander, and possibly
wear a rear admiral's star before the
battleship Wisconsin is placed in com-
mission. The advancement of his rank
to a fleet command would take his name
out of the class of battleship command-
ers.

Place for Ex Gov. Upham.

Since the publication of the announce-
ment that the name of Col. Weissert of
Milwaukee was being held for recom-
mendation to the president as a mem-
ber of the Board of Visitors to West
Point, information has reached here that
Gov. W. H. Upham is being urged
by his friends for the place, on account
of this fact, the friends of Col. Weissert
here have been advised that the latter
has withdrawn his name. It is un-
derstood here that Gov. Upham's name
has been presented to the president and that
the selection will probably be made.

Civil Service Examinations.

The civil service commission an-
nounces that examinations will be held
in Ashland and Appleton on March 7 to
fill the position of postoffice clerk and
carrier at those places. An examination
will also be held at Waukesha on March
3 to fill a similar position in the post-
office in that city.

EXPIRES AT PASADENA

Phillip D. Armour, Jr., Youngest Son
of Chicago's Millionaire
Packer is Dead.

Pasadena, Cal., Jan. 27.—[Special
Telegram]—Phillip D. Armour, Jr.,
aged thirty-one years, youngest son of
the millionaire Chicago packer, died
here suddenly early this morning of
congestion of the lungs.

"Green Grows the Rushes, Oh."

When the Americans went to war
with Mexico a melody, every verse of
which ended with "Green grows the
rushes, oh," was very popular. It
pleased almost everybody's fancy and
was sung by old and young. While
in camp the soldiers would sing it
constantly and all the Mexicans could
hear was "Green grows the rushes, oh."
They immediately began to call the
American soldiers by the first two
words, as it sounded to them, "grin-
goes." They made it into one word,
by which they will ever know the
Americans—"Gringo."

CHICAGO WOMAN MISSING.

Mrs. Anna Beck, a Widow, Believed to
Have Been Murdered.

Chicago, Jan. 27.—Mrs. Anna Beck, a
well-to-do and aged German widow re-
siding at No. 182 East Fullerton ave-
nue, within a few blocks of the famous
Luetgert sausage factory, has been
missing since last October, and the
police fear that she has met with foul
play. Mrs. Beck is said to have had a
large sum of money, probably \$2,000, in
her possession at the time of her dis-
appearance, and this fact furnishes
ground for the belief that she has met
with a terrible fate. Capt. Schuetler
and four detectives of the Sheffield
avenue police station, with operatives
from the Scott detective agency, are
working on the case, and they have
several persons under surveillance. By
several persons it is stated that Mrs.
Beck is visiting her sister, Mrs. Kate
Bresch, at Beloit, Kan. Little credence
is placed in this theory, however, be-
cause of the fact that mail has been
received from Beloit addressed to Mrs.
Beck which was posted a month after
she left home. The authorities at
Beloit have been asked to investigate.

SCHOOL COMMITTEE APPEAL FOR BOOKS

Public Library Extension Work Blocked
For the Want of More Books
For Children.

Members of the school committee on
the public library extension work appeal
to the citizens of Janesville for books for
the children of the public schools. Not
school books but books fit for school
children to read.

They appeal to each family in the
city in the hopes that at least one book
may be donated by the members of that
family. These books will be placed in
the public library to be at the disposal
of the school children who will draw them
by card the same as books are now taken
from the library.

This afternoon one of the members
of the school committee said: "We are un-
able at present to do any work. We
find that there are hundreds of children
in our public schools who would like to
read children's books. Not enough of
this kind of books are now in the library.
We don't want all these children flock-
ing to the public library till there are
enough books there for them. That is
why we now call on the citizens to do-
nate either new or old books just as
they see fit."

Mrs. D. D. Mayne is chairman of this
school committee. Other members of
the committee are Mesdames E. E.
Spaulding, Minnie Menzies, S. B. Lewis,
Margaret Bennett and Bowdiah. Miss
Mae Bostwick and Miss Barron.

BURGLARS SECURE \$8,000 IN CASH

Very Successful Robbery Was Perpe-
trated Last Night in a Deerfield
Wisconsin Bank.

Madison, Wis., Jan. 27.—[Special
Telegram]—Burglars made a heavy pull
on the bank of Deerfield at Deerfield,
Wis., last night, cleaning out its vault
and getting away with \$8,000 in cash
besides a quantity of village waterworks
bonds.

The thieves blew open the vault and
safe with dynamite or nitro-glycerine.
The robbers escaped with their booty
and left no trace.

Life Growing Longer.

Prof. Mansfield Merriman, studying
the United States census reports since
1850, has discovered a marked and
steady increase in the length of human
life in the country during the last half-
century. His statistics, which were
presented at the recent meeting of the
American Association for the Advance-
ment of Science, show that in 1850 the
median age of the entire population
was 18.3 years, while in 1890 it has
risen to 21.4 years. In 1900, he antici-
pates, it will be 22.4 years. By "me-
dian age" is meant that which divides
the population equally, one-half being
above and the other half below the
median.

Stuyvesant's Pear Tree.

A tablet on the side wall of the
building on the southeast corner of
Thirteenth street and Third avenue,
New York, says: "On this corner grew
Petrus Stuyvesant's pear tree. Recalled
to Holland in 1664. On his return he
brought the pear tree and planted it as
his memorial, 'by which,' said he, 'my
name may be remembered.' The pear
tree flourished and bore fruit for over
200 years. The tablet placed here by
the Holland Society of New York, Sep-
tember, 1896."

Lincoln Gave Them Cane.

Six ancient and queer Indian friends
of the United States were permitted to
shake hands with the president. They
were Pueblo Indians and live in a town
of their own at Isleta, Mexico. The
governor of the town, Vicente Jiron,
headed the six Pueblos this morning.
Three of the six were wise men of the
tribe and carried with them walking
canes presented to them in 1863 by
President Lincoln. The canes are
never brought out except on state oc-
casions and to frighten offenders.

KOBBE OCCUPIES THE HEMP PORTS

Insurgents Forced 900 Unwilling Na-
tives Armed With Bows and Arrows
to Serve in the Trenches in the Close
Range Fighting—Many Were Killed
—Sorsogon, Dunsel, Bulan and Virac
Captured—The Lawton Funeral.

Manila, Jan. 27.—A dispatch from
Sorsogon, dated Thursday, Jan. 25, says
Brigadier General Kobbe's expedition
has occupied Sorsogon, Dunsel, Bulan,
Legaspi, southeastern Luzon, and Virac
on Oatandunoos island. The only re-
sistance was at Legaspi, where five
Americans were wounded and forty-five
dead and fifteen wounded Filipinos were
found.

It is estimated that there are 125,000
bales of hemp in these provinces and
76,000 bales in the ports of Sorsogon
and Legaspi. The United States gun-
boat Nashville's shrapnel burned 8,000
bales in Legaspi. The expedition ar-
rived off Sorsogon Jan. 20 and the town
displayed white flags.

Gen. Kobbe and Col. Howe, with a
battalion of the 47th infantry, landed
and raised the United States flag. The
insurgent force, numbering 300 men,
evacuated the place. The natives were
passive. During the morning of Jan.
23 the Nashville and Venus, with four
companies of the 47th infantry regiment
under Maj. Shipton, approached Legas-
pi. Filipino flags were flying and the
trenches were crowded. A detachment
of 150 picked men, led by Maj. Shipton,
landed on the beach about a mile north
of the town, the Nashville, bombarded
the trenches and the enemy retreated to
Albay, where they were easily dispersed
to the hills.

About 200 insurgents, armed with
rifles, forced 600 unwilling villagers,
armed with bows and arrows, to serve in
the close-range street fighting before
the enemy fled. The Filipino dead were
mostly villagers who were attempting to
flee.

Lawton's Funeral Will Be Imposing.

Washington, Jan. 27.—The funeral of
Gen. Lawton will be the most imposing
military funeral held here since that of
Gen. Sheridan. Gen. Shafter will ac-
company Mrs. Lawton and the re-
mains to the capital as a military es-
cort. Gen. Merritt will be in command
of the cortege here, and Gens. Miles,
Brooke and Shafter will be pallbear-
ers, with all general officers of the
army in attendance. Members of the
senate and house committees on mili-
tary affairs, and some officials from the
war department will also act as pall-
bearers. The president and his cabi-
net and congress will attend the serv-
ices.

torial case at noon today determining the

s to almost a certainty that Goebel will
be seated.

Wastefulness Is a Crime.

One of the important things about
good farming that most of us have to
learn is to avoid waste. We pay taxes
on land that we do not farm; we only
half cultivate our fields and so waste
both land and labor; we leave a large
percentage of the crop in the field;
we waste time and capital in raising
inferior animals; we waste energy in
trying to do more than one man can do
right; we waste money in buying what
we should raise ourselves; we waste
opportunities to improve our condition
by staying away from institutes and
fairs and by neglecting to read papers;
we waste, in a thousand ways, and
then we are ready to say, "Farming
don't pay." And it is no wonder.—

NEW COURSE OF HIGH SCHOOL STUDY

NEW PAMPHLET PRINTED GIVING SUCH INFORMATION.

Eight Membership Applications Will Be Considered at the Woodmen's Special Meeting Tomorrow Night—Social and Personal News and Notes From Clinton.

Clinton, Jan. 26.—The High school has recently had printed under the direction of Prof. R. E. Loveland, a book giving the course of study, text books used, list of the present officers and teachers and names of the graduates, together with the rules and regulations which govern the school. It also contains facts relating to the alumni association and gives the names of the officers. It is a neat and convenient book for reference.

At the special meeting of the Woodmen's held Saturday evening, eight applications were balloted upon and accepted. The new members will be initiated at an early date and the meeting will be of unusual interest. The Manchester camp will be invited to attend and a banquet will be provided for the occasion. Every member should be present.

The death of Mrs. Kociline which occurred Sunday on Byron Snyder's tenement farm was a sad blow to the family, which consists of a husband and six small children. Deceased was about 35 years of age and in good health up to a short time before her death. The funeral services were held in the German church, Rev. H. Roehrs officiating. Her remains were laid to rest in the Clinton cemetery.

Hon. S. S. Northrup attended last week the annual meeting of the Beloit Savings bank of which he is one of the incorporators. This bank is patronized to some extent by Clinton people. It had on deposit Jan. 1, 1900, \$168,342.68. Since its organization it has paid \$80,000 interest to depositors.

The Clinton schools have received \$500 from the state for school purposes. This is an increase of \$200 over last year.

Members of the Y. M. C. A. should not forget the concert which is to be given by home talent on Tuesday evening, Jan. 30.

We omitted to mention in our last, the death and burial of Mrs. Mary Conroy, who had been a resident of this vicinity since 1850.

The "Advance" of Jan. 18, contains an article of a column and a half written by Rev. William Moore in answer to a statement which recently appeared in that paper, namely, "That the French Resemble the English More Than Americans." He argued that the contrary is true.

Arthur Hern who recently had a cancerous tumor removed from his face by a Janesville doctor, is doing well and expects to fully recover soon.

Mrs. Hannah Green of Delavan, has come to Clinton to live.

Wm Butler after a long absence will ere long be located on the old homestead farm in Turtle, which he has purchased. L. N. Larson, a former merchant here is in trade at Edgerton.

Mrs. F. C. Bradley has been seriously ill lately and confined to her bed with rheumatic trouble.

Had not the "Herald" better save until dog days its recent repeated advice to farmers. "Keep your milk sweet." Does the editor not know that at this season of the year it is almost impossible to get sour milk with which to make "Dutch Cheese." Any farmers wife will tell him that much.

H. Lahtel, for several years the popular proprietor of Lake Lawn resort, Delavan, has returned to South Clinton and settled on property recently purchased.

The marriage of Otto Spathe and Miss Millie Kruger was solemnized a few days ago at the German church. They will go to housekeeping on a farm near Summerville.

MILTON JUNCTION

Milton Junction, Jan. 26.—Mrs. Ella Elipic of Lima, has been visiting Miss Ada Crandall the past week. Mrs. Amos Crandall has gone to Rockdale to interview her new granddaughter at Dr. Geo. Coon's. Mrs. H. A. Miller is returning home after spending four weeks nursing Mrs. Furness. Mrs. F. is improving slowly. The new baptist at the S. D. B. church is now completed. Dr. Henry Greenman and wife have a new baby at their house. Mr. Coon of Iowa, is visiting at Ed Burdicks. He is talking of purchasing a home here.

BASKET BALL TEAM DEFEATS WAUKESHA

INTERESTING CONTEST PLAYED HERE LAST EVENING.

Home Team Won by the Close Score of 18 to 17—Fair Sized Attendance Watched the Contest—Visitors Have Won Several Hard Fought Games.

Members of the Janesville High school basketball team defeated members of the Waukesha team last evening by a score of 18 to 17.

The game took place in this city at the high school building and was witnessed by a fair sized crowd. When time was called at the end of the first half the score stood 12 to 5 in favor of Waukesha.

The visitors at the start outplayed the home team and during the greater portion of the first half they thought that they had a sure thing. As the game progressed the members of the home team showed that they were well informed on the leading points of the game. In the second half the Janesville boys made several brilliant plays and steadily gained whenever an opportunity presented itself.

Frank Kimball, Ross Bump, Arthur Ryan and Harry Atwood and Farmer all played well and each are entitled to much credit. For the visitors Jackson, colored, played the star game.

Following the game a banquet was given the visiting team in the high school basement dining hall.

The team lined up as follows:

JANESVILLE. Jackson, center. Kimball, center. Jackson, center. Atwood, right forward. Ross, left guard. Bump, left forward. Ryan, right guard. Farmer, left guard. Walker, right forward. Substitutes—Janesville: Galbraith and Kirkland. Waukesha: Jacob and Dismann. Umpires—Best, Janesville; Buckley, Waukesha.

Referee—Cahill, Waukesha.

Timekeeper—Sweet.

Score—Fox.

JANESVILLE MAN GUARDS DAVIS HOME

FRED DELONG IS IN CHARGE AT BEAUVOIR, MISS.

Northern Man Watches Over Relics of Southern Cause—Where Former President of Late Confederacy Spent His Latter Years—May Become a Confederate Veterans Home.

Fred DeLong, a Janesville (Wis.) man, has an interesting occupation here, says a Chicago Record correspondent from Beauvoir, Miss.

He has charge of the last home of Jefferson Davis and is performing his duties under the direction of the widow of the former president of the confederacy.

DeLong was colonized into this section of the south. He says he had been victimized by a labor colony, which failed to pay out and he found himself in a strange land with but little opportunity to earn a living for his family, which was with him. A year ago his present position was offered to him and he accepted with the alacrity of a man who has a home thrust upon him.

Beauvoir, the once beautiful villa, washed by the waters of the gulf, is now dull and deserted. It was to this home that Davis came almost from the doors of Fort Monroe, and here with his wife and daughter Winnie he quietly worked away his life, although his death occurred in New Orleans.

Beauvoir, with its spacious grounds, railroad station and postoffice, including old "Dad" King, the postmaster, may soon have a new owner. Mrs. Davis, who is seen about the place only occasionally, has offered it for sale to the "Confederate Veterans' Labor association," which is considering the project of furnishing a home and small farms to confederate veterans still able to work. A committee of the association has examined the place and recommended its purchase for the purpose.

The "Daughters of the Confederacy" are also considering a proposition to buy the property. The gulf has been making inroads on the place, a storm of two years ago washing away the front fence and roadway. To guard this old place from relic hunters De Long has a task on his hands, and it is doubtful whether a confederate soldier could be more watchful. He keeps his eye on the visitors, no matter whence they hail, who, were they given the chance, would steal the petrified greases on the creaking vehicles, now relics of the lost cause.

HOLIDAY TREES IN WISCONSIN.

Half a Million of Them Shipped Annually to Dealers in the East.

From the Milwaukee Wisconsin: Few people realize the difficulty experienced nowadays in securing Christmas trees for the holidays. Millions of trees are used every year in this country, and each succeeding year finds it more difficult for the merchants to secure choice trees for the market, owing to the rapid advance in clearing the forests of the west. It is estimated that nearly 1,000,000 trees are shipped every year from this state to eastern parties. Theodore Hoffmann is probably the most extensive dealer in Christmas trees around here. He makes a specialty of the business, and says that he will break all records this year in regard to the number of trees shipped east. Already he has several crews of men at work in Marinette county, about seventy miles north of Green Bay, and also in Florence county. Mr. Hoffmann says that in years past he had no trouble in getting all the trees he desired in the swamps above Green Bay and near Marinette, but now he is obliged to send his men into the backwoods a considerable distance, as the trees cannot be secured now without a great deal of trouble. The great difficulty now is getting the trees to the railway stations, much time being lost in this work. He figures that he will get out close to 1,000,000 trees this winter, more than half of this number going to the east. "At the rate the trees have been disappearing of late years I figure there will be a scarcity of them in five or ten years," remarked Mr. Hoffmann, while discussing the question. "There are few persons making a specialty of raising them for the market, but it is probable that some one will take it up before it is too late. It is really a hard matter to get good trees, my men reporting that very few of them are of good size and quality. However, there are many swamps where the trees grow in abundance, and the owners will probably realize that they are worth the holding after all, especially when they learn how valuable they may prove to be."

Turkeys Eaten Thanksgiving Day.

It is reckoned that at least 4,000,000 turkeys were eaten in the United States Thanksgiving day. This means about 45,000,000 pounds of birds, which, if all of them were arranged in single file, would make a continuous procession from Boston across the continent to San Francisco.

THE BIG STORE 20, 22, 24, 26, 28, S. MAIN ST., JANESVILLE, WIS.

WE KEEP THE QUALITY UP.

A Great Cut IN Jackets

Quality and styles considered it is the greatest cut in prices that has been made. We have 130 high class Jackets for women on hand and offer them without reserve at just 1/2 of the former prices. Do not confound these Jackets with the ordinary run of garments that are being advertised at half price.

Such a Chance...

To buy Jackets so well made and of such excellent cloth and so well lined is rare indeed. Many of them are lined with Skinner Satin, guaranteed to wear for two years.

A \$10.00 Bill...

Will buy a Jacket that sold for \$20, and you know what that means at this store.

A \$5.00 Bill...

Takes a \$10 Jacket. Think of the saving.

Capes...

Of these we have shown all the season values that have made competitors stagger. Time after time women have looked here first, then ransacked the town to try and do better, only to return satisfied that they could not find Capes that approached ours for sterling worth.

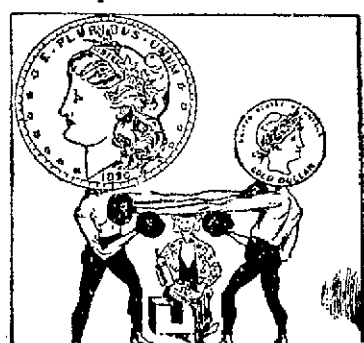

We Are Not...

Offering Capes at half price, but we are offering them very low, both Cloth and Fur Capes. Our assortment of Capes is very good and at present prices like gold dollars for 90c, as we could not buy them today at the figures we are selling them for.

You Ask Why? ? ?

Because the cloth and plush they are made of are both so much higher, like many other things.

FINE FRENCH LANNELS...

Just in, another lot of these popular waist materials. We have them in plain, figured, striped, and silk embroidered, at 60c, 75c to \$1.50.

Taffeta Silk...

We wish to call the attention of dressmakers and others who use much of the silk taffeta for lining purposes, waists, skirts, &c., to our new line. They give satisfactory wear, the quality is such that is usually sold for \$1.00, and we show all the new shades. It is 19-inch, the yard 85c.

Dress Goods...

New things daily arriving. Fully 100 pieces received the past two weeks. Early buyers will find us ready for them.

THIS DAY IN HISTORY.

1756—Wolfgang Mozart born; died 1791.
1814—Fichte, the philosopher, died.

1851—John James Audubon, American ornithologist of world-wide eminence, died at New York; born in New Orleans 1785.

1859—Sir Edward Sheppard Creasy, author of "Fifteen Decisive Battles of the World," died; born in Bexley, England, 1812. Creasy's famous work treats with remarkable clearness and eloquence of "those few battles of which a century event would have essentially varied the drama of the world in all its subsequent scenes." These were, according to Creasy: 1. Marathon, B. C. 490; 2. Syracuse, B. C. 413; 3. Arbelia, B. C. 331; 4. Meturus, B. C. 207; 5. Victory of Arminius over Varus, A. D. 9; 6. Chalons, 451; 7. Tours, 732; 8. Hastings, 1066; 9. Joan of Arc's victory at Orleans, 1429; 10. Defeat of the Spanish armada, 1588; 11. Blenheim, 1704; 12. Poltava, 1709; 13. Saratoga, 1777; 14. Valmy, 1792; 15. Waterloo, 1815.

1801—Jervis McEntee, American painter, died at Romford, N. Y.; born there 1823.

1803—General Abner Doubleday, U. S. A., died; born 1819.

1806—General Theodore Runyon, a war veteran and United States ambassador to Germany, died in Berlin; born 1822.

1809—Mrs. Robert Williams, widow of General Williams and formerly wife of Stephen A. Douglas, died in Washington.

GEN. SHAFTER DID WELL

The bill to promote Gen. Shafter, before his retirement, in recognition of his services during the late war, is meeting with some opposition, and many of his critics quote the words of "war correspondents" in support of the contention that Gen. Shafter should not be so honored. The injustice of such arguments is apparent. Gen. Shafter should not be deprived of any honor exclusively on the testimony of newspaper correspondents. The newspaper men undoubtedly know their business, but they would make sorry failures if placed in command of an army—as sorry as the general would be if placed in command of a newspaper office. The correspondents rebel at any censorship yet they assume to know more about war than the men who have made war a life study. Is not the proposition as broad as it is wide?

Richard Harding Davis, Sylvester Scovel, and other eminent romances, made a specialty of abusing Gen. Shafter, yet they were no more qualified to pass upon Gen. Shafter's professional equipment than Gen. Shafter was qualified to pass upon the technical points of this newspaper work.

The testimony of Richard Harding Davis, Sylvester Scovel, James Creelman, and all the other self-appointed military critics, should be eliminated from the discussion. The fact that they were reporters' stars in no way improved their mental equipment, or gave them license to pose as authorities on subjects that they had never studied.

Gen. Shafter was promoted and given command of the troops at Santiago upon the recommendation of Gen. Miles. He had won brevets and a medal of honor in the civil war, and his record as a soldier was exceptionally good. Gen. Miles spoke of his great tenacity of purpose and selected him for the important work at Santiago in preference to all others. Gen. Shafter's work in the Santiago campaign is a part of his story. The army under his command was expected to take the city and the city was taken. If military men criticize Shafter, their evidence should be considered, but the stories of the whipper-snapper, "correspondents" and "journalists"—none of them were "newspaper men"—should be thrown out.

Facts are stubborn things, and the facts are all in Gen. Shafter's favor. If Admiral Dewey and others, are entitled to the credit for the work done by the men under their command, Gen. Shafter is also entitled to that distinction. Let justice be done, even if Richard Harding Davis and Sylvester Scovel are forced, as a result, to secede from the union.

Bryan wants the democratic convention held in Milwaukee. There is altruism for you. Bryan doesn't care for beer himself.—Chicago Times-Herald.

It isn't a ques in of beer, but of good bones, and Bryan's preference for Milwaukee is not only excusable but praiseworthy. Milwaukee is a nice town; a very nice town—so nice, in fact, that Janesville people have moved there, and "lived happily ever afterwards." What better recommendation could any city get?

Mayor Rose of Milwaukee charges that The Milwaukee Sentinel—with which he has been having a slight difficulty for some days past—is "hounding him." We knew The Sentinel was gunning for Rose, but we did not know it was hunting him with dogs. If such is the case, The Sentinel should be made to produce its shooting license, or be prosecuted under the game law.

The Milwaukee Evening Wisconsin, should take pride in the handsome en-

dorsement given Col. Dan B. Starkey by the state press. Col. Starkey grew up and developed as a member of the Wisconsin family and his high standing among the newspaper men is also complementary to the office in which he received his professional training.

Let us hope, brethren dear, that the Hon. Mr. Jeffries and the Hon. Mr. Corbett do not come together while The Rev. Mr. Sheldon is running the Topeka Capital, if they do, and the Rev. gentleman muzzles the story, The Capital force will certainly go insane and the populace will wreck the print shop.

The Milwaukee papers publish dispatches announcing the killing of consumptive cattle nearly every day. Tuberculosis is an exceedingly common disease among cattle, and the milk is always effected if the cow is diseased. Every city should adopt a milk ordinance. Prevention is much better than cure, even if a cure were possible.

The Milwaukee courts are doing the largest injunction business in the United States these days. Former injunctions, as near as we can get at it covered everything that could be covered, while the latest one covers all that wasn't covered before—or words to that effect.

The "war correspondents" know as much about war as Billy Mason knows about peace—no more, no less—and whether or not they criticize a military man cuts no figure. Talk is cheap, but takes headwork to command a victorious army.

Constant Reader—We cannot settle the matter for you. Ask the centurion, and perhaps by the time you find him, the healthful exercise you have received in the fresh winter air, will cause you to look at the subject you refer to in a less warlike light.

Mississippi's new United States senator is an ardent expansionist, and was elected after a fight on that issue. This is another indication of the general direction of the breezes that blow over the Sunny South.

However, as the Cream City courts will not be able to try any libel suits until after the dockets are cleared of street railway litigation, we do not anticipate the wholesale crushing of damage verdict checks for some days yet.

If it be true that the men who escaped from Waupun prison had outside help, the state should spare no expense to see that when they are recaptured, they be provided with additional inside company.

The democratic party will surely lose the Archey Road vote if it insists upon nominating Mr. Guggenheimer for the vice presidency.

A three cornered four round go between Messrs. Roberts, Clark and Quay would certainly draw an audience.

As a knocker of the knockers The Milwaukee Journal is certainly "the stuff that knockers."

The de Castellane de Rodays' mill is now being pulled off in the public prints and bobs rule even.

A full house, Mr. Roberts, always beats three. Make a note of this for future reference.

Hereafter, we propose to charge The Topeka Capital full advertising rates.

The Old and Cold says—but never mind, it doesn't signify anyway.

A Family Performance.

A pet Opossum belonging to a Great Critic stole his favorite kitten and was about to kill and eat it when she saw him approaching, and fearing detection she concealed it in her pouch.

"Well, my pretty one," said the Great Critic, with condescension, "what new charms and graces have you today?" Before she could reply the kitten sat up a diligent and persistent mewing. When at last the music ceased the Opossum said:

"I've been dabbling a little in mimicry and ventriloquism; I thought it would please you, sir."

"The desire to please is ever pleasing," the Great Critic answered, not without a touch of professional dignity. "but you have much to learn about the mewing of kittens."

Relics of Prehistoric Americans.

Zealous antiquaries are discovering a good many mounds made by prehistoric races along the Ohio river. One was discovered recently about six miles above the mouth of Bush creek, Adams county, Ohio. Just below Rome, O., 200 yards from the water, is a mound fifty feet in diameter which harbored twenty-two skeletons. Numerous fragments of pottery were found and perforated mussel shells were numerous. The explorers found a bone awl, three arrow heads, three war points and three worked pieces of shell and many pipes and ornaments.

His Idea of Signs of Spring.

As he seemed to be somewhat bewildered, a man stopped and asked him for what he was searching.

"Signs of spring," answered the stranger.

"Signs of spring?" exclaimed the other. "What's the matter with this nice, balmy breeze and the bright sun and the grass that is beginning to come up?"

But the stranger only shook his head. Then his face suddenly brightened, and he pointed across the street.

"There's one now!" he cried, and immediately started across and entered a building that had a big "Flat for Rent" sign on it.

"Signs of spring!" ejaculated the other as he continued down the street. "I've half a mind to stay here and break his neck when he comes out.—Chicago Post.

Deerhound That Loves Peaches.

Instances of carnivorous animals turning to a vegetable diet are rare. One noted instance is a Scotch deerhound, which is so fond of peaches that it will stand on its hind legs to reach them on the trees. In New Zealand a parrot took to sheep-killing and eating and some pigs evinced a preference for a diet of young lamb, while some Australian sheep became not only carnivorous but actually cannibal.

Becoming a Mother

Is an ordeal which all women approach with judicious fear, for nothing can compare with the horrors of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipation of the coming event, and casts over her a shadow of gloom that cannot be shaken off. Thousands of women have found that the use of MORRIS'S FRIEND during pregnancy robs confinement of all pain and danger, and insures safety to mother and child. This scientific instrument is a godsend to all women at the time of their most critical ordeal. Not only does MORRIS'S FRIEND carry woman safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Send for free booklet to THE BRADFIELD REGULATOR CO., Atlanta, Georgia.

TO CLEAN NURSERY BOTTLES

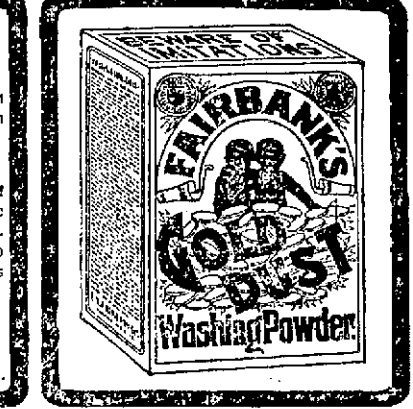

After the bottle has been used, rinse it thoroughly in warm water; then fill with warm water containing a teaspoonful of

Gold Dust Washing Powder

and let it stand, shaking every now and then. If rubber tube is used let it remain also in the water. Rinse through clean water several times. Gold Dust is much more effective than soap to clean them, as it removes all specks and mores clinging to the sides of the bottles.

COMPLAINT SERVED IN SLANDER SUIT

MISS MARGUERITE HOLLERAN
CLAIMS \$10,000 AS DAMAGES.

Says the Rev. A. C. Kempton Made Statements That Injured Her and Takes Action Through Her Attorneys, Mahoney & Ryan, to Recover the Above Named Sum.

A complaint signed by Miss Marguerite Holleran, daughter of Mr. and Mrs. M. Holleran, was served on Rev. Arthur C. Kempton yesterday afternoon, as the first step in a suit to recover damages for alleged slander. The complaint sets forth the charge and the ground thereof, as follows:

Complaint of Plaintiff

"The above named plaintiff by Mahoney & Ryan, her attorneys, alleges the following facts constituting her cause of action against the said defendant:

"That at the time of the commission of the grievances and slanderous utterances herein alleged the plaintiff was a resident of the city of Janesville in said county of Rock and state of Wisconsin, and for a long time prior thereto had been such a resident; that the plaintiff is an unmarried woman and supports herself upon her earnings as a stenographer and typewriter operator and in such other capacities and employments in which she may find work; that the good name and reputation of this plaintiff is a requisite to the obtaining of lucrative employment; that this plaintiff has always been a chaste woman and has always borne a good reputation.

"That on or about the 1st day of January, A. D. 1900, at the city of Janesville in said county of Rock and state of Wisconsin and at divers other times the said defendant, Arthur C. Kempton, contrived and maliciously intended to injure this plaintiff in her good name, fame and credit, and to bring her into public scandal, infamy and disgrace with and amongst her neighbors and her employers and to cause it to be suspected and believed by those who are and who will be by the public generally that this plaintiff was and is a lewd, unchaste and disreputable woman, and to do so maliciously and with intent, and to cause the plaintiff in the presence and hearing of divers persons the false scandalous and defamatory words following that is to say: 'Well, this Miss Holleran (meaning the plaintiff) has a good reputation; she (meaning the plaintiff) is not a fit associate for you;' her reputation (meaning the reputation of the plaintiff) is bad;' she (meaning the plaintiff) is a bad girl; you go with;' her companion (meaning the companion of the plaintiff) if she was a good girl would not go with her (meaning the plaintiff)';

"By reason and means of the speaking of which false, malicious and defamatory words the plaintiff has been and is greatly injured in her good name, reputation and credit, and has been brought into public scandal and disgrace amongst her neighbors, acquaintances and the public; and that thereby the plaintiff became dejected in mind, enervated, overcast and languid in body, and has suffered great mental anguish, so as to prevent her from attending to her ordinary business and from obtaining employment, and was in consequence of said false and scandalous statements so as aforesaid made, deprived of the society of her friends and acquaintances.

"That the said slanderous words and statements so as aforesaid by the said defendant uttered and made, and in consequence of the said plaintiff were and are false and untrue, and were made by said defendant maliciously and with intent, and for the purpose of impugning unchastely to this plaintiff, and were so understood by the persons hearing the same.

"The plaintiff further shows that the said defendant is a person of good standing in the said city of Janesville in said county of Rock and state of Wisconsin, and that he is the pastor of the Baptist church in the said city, and that by reason of his social position, the said false statements so as aforesaid made by him are the more readily believed in the said city.

"That by reason of the utterance of the false words aforesaid this plaintiff has been greatly injured in her good name, fame and credit to the amount of ten thousand dollars.

"Whereof this plaintiff demands judgment in the sum of ten thousand dollars, and for the costs, expenses and disbursements of this action."

Rev. Mr. Kempton has placed the case in the hands of Fethers, Jeffris & Mount.

LECTURE BY THE REV. R. C. DENISON

To Speak on Westminster Abbey Under Auspices of the School Art Auxiliary.

There is a treat in store for all who like to see good pictures or listen to an entertaining lecture. On Monday evening, Jan. 29, in the assembly room of the High School, Rev. R. C. Denison will give his lecture on Westminster Abbey. Mr. Denison visited the Abbey and has made a study of its architecture and contents. He has a fine series of pictures and has lately added to his collection on this subject. An art light will be used to throw these views on a screen.

The lecture is given under the auspices of the School Art Auxiliary, and this alone ought to insure a large attendance. The purposes of this organization are to improve the appearance of the school rooms, to hang fine pictures therein, to furnish the children with inspiration that comes from good art.

It is a part of good citizenship to support such a movement, and when such an entertainment as this is provided the duty becomes a pleasure.

The lecture charmed all who heard it when it was given before, and a large audience is already assured. The members of all history, literature and travel clubs will be particularly interested.

The doors will open at 7:30 and the lecture begins at 8. Admission for adults 25 cents, children 10 cents.

NESSERLODE PUDDING.—So many chestnuts peeled, blanched in boiling water for five minutes, deprived of their thickened skins, placed in a stewing dish and a stick of vanilla, simmered till the chestnuts are done. When they are to be strained through a fine hair sieve, add yolks of eggs, lefied cream, powdered sugar, a gill of maraschino, stoned raisins. Put all in a boiling pot on the fire, add currants and raisins, put the pudding in the ice mold, lashed the mold in ice water for two hours. This pudding was invented many years ago by Momy, chef to the renowned Russian diplomatist, Count Nesselrode, who had the misfortune to call Italy a "geographical expression." It is the most perfect of food puddings and in reality belongs to dear old Hannah Glasse, who published it in her famous "Art and Mystery of Cook" (1747). The difference in Hannah's and Momy's is that she used rosewater or orange flower water in lieu of vanilla and sack or sherry instead of maraschino, and her pudding was served hot. It is not supposed that Hannah invented the pudding, for most of the very finest dishes in the cuisine of the world are of such immense antiquity that the researchers of the culinary antiquarian are utterly baffled. No one knows the origin of Sauce Robert, and who can tell us that the pique a la Reine hailed from Cleopatra.

NARROW ESCAPE OF EDWARD M'MULLEN

DROGGED UNCONSCIOUS FROM HIS BED ROOM.

Four Hours Work on the Part of Dr. R. W. Edden Saves His Life—Did He Blow Out the Gas?—Took a Room at the Park Hotel Last Evening—Discovered This Morning.

Four hours' hard work on the part of Dr. R. W. Edden this morning at the Park Hotel was all that saved Edward M. McMullen of Randolph, Wis., from being a corpse. McMullen on retiring last evening either blew out the gas or accidentally turned it on after extinguishing the light.

When discovered in his room at 8 o'clock this morning he was just able to breathe and for four hours after he was rescued his life was in danger.

McMullen arrived in the city last evening from the south. On going to Park Hotel he registered as "Eddie McMullen." He failed to write the town he was from. Milton Barney, night clerk, showed Mr. McMullen to room 19 which is located on the first floor over office. At 12 o'clock McMullen came down stairs fully dressed and left the hotel. He returned after an hour's absence stating that he had made a mistake thinking that it was morning. Then he returned to bed. This was 2 o'clock this morning.

At 8 o'clock this morning while passing McMullen's room, Nellie Donahue, chambermaid, and W. W. Hixson, a boarder, discovered escaping gas. Clerk Barney then traced it to room 19, occupied by the stranger from Randolph. The door was tried and found locked; the transom was also tightly closed. This was soon opened, and out poured a volume of gas. Clerk Barney then climbed in and unlocked the door. The gas jet was found turned on at full blast. Mr. McMullen was dragged from the room and Dr. Edden called.

The doctor said that in fifteen minutes more the unfortunate man would have been dead. McMullen on gaining consciousness this afternoon, stated that he lived at Randolph, but that he had worked at the barber trade at Beaver Dam. He was indignant when asked if he intended suicide; he also denied blowing out 'he gas.

McMullen came here to see a lady friend. He is unmarried, and about twenty-eight years of age.

MRS. CHARLES WISCH DIED THIS MORNING

Dropsy Caused Her Demise After Long Suffering Covering Nearly One Year Period.

After an illness covering a year's duration Mrs. Charles W. Wisch died this morning at 6 o'clock at her home in this city, 63 West Milwaukee street, aged forty-six years. The cause of her death was dropsy and heart trouble.

For several months past Mrs. Wisch has been in poor health but till the past few days did her condition take a turn for the worse. Through all her illness she bore her trouble bravely. Mrs. Wisch was widely known having resided in Janesville for twenty-six years. Her death will be mourned by many.

Besides a devoted husband she leaves a son, Charles Perry Wisch and a daughter, Miss Allie Wisch, both of this city. Mrs. Wisch was born in the town of Wylusing, Bradford county, Pa. April 16, 1858. Her maiden name was Clara Middaugh. In 1872 at the Congregational church parsonage she was married to Charles W. Wisch. She leaves a brother, Jefferson Middaugh of Loraine, Ohio, and one sister, Mrs. E. M. Penn of Janesville.

Funeral services will be held from Trinity church at 2 o'clock Monday afternoon and the interment will be in Oak Hill cemetery.

J. W. Davis

Funeral services over the remains of the late J. W. Davis will be held at 10 o'clock tomorrow morning from the home, 113 Cornelia street. The remains will be buried at the cemetery at Emerald Grove.

The work was profusely illustrated by photographs, and the treat was all the more rare from the fact that there are only two of these books in the United States.

THERE was a typographical error in F. S. Winslow's price list yesterday. Baker's chocolate should have been quoted 16 cents instead of 15 cents.

WAREHOUSE ABOUT COMPLETE

Model Building Erected in This City by the Jeffris.

Work on the large Jeffris leaf tobacco warehouse located at the foot of South Franklin street, is now nearing completion. It is expected that the building will be ready for occupancy next week. The structure throughout is a most model one, and is a credit to the city. In every portion of the building no expense has been spared, and considerable money has been expended in its construction. An eastern firm will occupy the building, the details having already been explained by The Gazette.

MULLOWNEY WAS NEAR DEATH'S DOOR

Caught Between Moving Cars and Freight Depot Platform and Badly Cut and Bruised.

Timothy Mullen, a well known traveling man whose home is in Milwaukee, was brought to the city last evening and is now suffering at the Park hotel as the result of being injured by the cars last evening.

Dr. E. F. Woods was called and the injured man is now resting as easy as could be expected.

Mullen was coming near losing his life last evening while trying to board an outgoing passenger train at Clinton. He was caught between the freight depot platform and the train steps and dragged several feet. His body was crushed against the platform and badly bruised in several places. Holding fast to the car was all that saved him from being ground to pieces. Mr. Mullen travels for the D. M. Osborne & Company of Milwaukee.

EIGHT HUNDRED LOADS OF TOBACCO

BROUGHT INTO JANESVILLE IN THE PAST FEW DAYS.

Excellent Tobacco Weather and Good Roads Makes Business Lively With the Local Dealers—American Tobacco Company Have Had Their Buyers Here of Late.

Local leaf tobacco dealers state that never in the history of Janesville has more leaf tobacco been brought into the city at any one time than has been coming in during the past few days.

It is estimated that in the neighborhood of 800 loads of leaf have been delivered to local dealers and agents during this week and the latter part of last week. Good roads and damp weather have caused this sudden inflow of leaf.

In speaking of the local leaf tobacco market the Farm and Home says:

The spring-like weather of the fore part of the week made riding a pleasure and a few local dealers ventured out in the country and picked up a few crops, at prevailing prices, 5 to 8 cents.

Most of the dealers have their hands full receiving the hundreds of loads coming in daily, and getting the assorting rooms in smooth working order.

The fairly good roads and delightful weather of the week have made it possible for the farmers to bring in their tobacco and it is estimated that over 500 wagon loads came in during the past six days.

Tuesday and Wednesday large quantities of bundle goods were received at the freight depot of the Milwaukee road to be shipped to the Cincinnati branch of the American Tobacco Co. This was mostly hail out goods.

In old goods the demand is very good but the stock for sale is small and sales are necessarily limited. John Souman reports the sale of 90 cases of old stock.

DISCUSS RAILROAD RATES.

Senate Committee on Commerce Gives Shippers a Hearing.

UNIFORM RATES AT ALL HAZARD

Senators Chandler and Allen Hint at Trust to Maintain Non-Competitive Rates—Niagara Canal Bill Perfected—Pacific Cable Taken Up.

Washington, Jan. 27.—The senate committee on commerce Friday gave a hearing to the representatives of a number of business organizations throughout the country in support of the bill to amend the interstate commerce law. The first statement was made by Frank Barry of Milwaukee, secretary of the National Millers' association and accredited representative of the National League of Industrial Associations. He commended the pending bill, saying that it had been framed with a view to doing justice to the shipper and carrier.

Augustine Gallagher, representing the millers in particular and also the national board of trade, in reply to a question from Chairman Cullom, said he firmly believed the adoption of the amendment proposed by the national board of trade would produce results immensely beneficial to the whole people.

A crossfire of questions from Senators Chandler and Allen ensued, ending to show that these gentlemen failed to recognize any essential difference, as claimed by Mr. Gallagher, between a "pool" and a "trust," as long as both maintained noncompetitive rates.

World Control Corporations.

Washington, Jan. 27.—A joint resolution introduced by Representative Jenkins of Wisconsin proposes amendments to the constitution giving congress control over corporations. It provides that congress shall have the power to create any corporation for the purpose of commerce between the states, including railroads, telegraph, telephone, transportation, express and sleeping-car companies. Section 2 gives congress control over all corporations in the United States, including the power to impose a franchise tax, terminate the existence of corporations, forfeiture of the franchise, control and disposition of the property of the corporation, and to enforce this by appropriate legislation.

What Pay for Panama Cable Cutting.

Washington, Jan. 27.—The special order for Friday in the house was the delivery of eulogies upon the late Vice-President Hobart, after the final agreement upon the census bill by the conference was adopted and the senate amendments to the urgent deficiency bill were sent to conference. An hour was also spent in discussing the bill recommended by President McKinley authorizing the secretary of state to compensate for the Eastern Extension Australasia and China Telegraph company for loss and expenses entailed by the cutting of its Manila-Hongkong and Manila-Capiz cable by Admiral Dewey.

Niagara Bill Perfected.

Washington, Jan. 27.—The house committee on interstate and foreign commerce Friday reconsidered the Niagara canal bill, which had been reported with an appropriation of \$140,000,000, and changed the appropriation section so as to make \$10,000,000 available, with authority to contract for the entire excavation, construction, defense and completion of the canal at a total

cost not exceeding \$145,000,000. In the

amended form the bill was ordered reported, and the Pacific cable question was then taken up and Gen. Swayne of New York argued against government construction, operation and ownership.

Subsidy Bill Amended.

Washington, Jan. 27.—The subcommittee of the senate commerce has agreed to such changes in the Hannu-Payne shipping bill as will place a limit of \$2,000,000 a year on the amount of subsidy to fast vessels, thereby materially increasing the compensation to be paid the slower steamers. Another amendment reduces from 80 per cent to 51 per cent the required American ownership in foreign-built vessels, which may be admitted to the benefit of the subsidy.

Roberts Case a Closed Incident.

Washington, Jan. 27.—Brigham H. Roberts of Utah has made it perfectly clear that he will not contest the case further. Mr. Roberts says that he considers the vote of the house yesterday as ending the matter. Members of the house regard the Roberts incident as closed, and none of them, so far as can be learned, looks for a re-opening of the case by any method.

Baby Horse Chases Tragedy.

Evansville, Ill., Jan. 27.—Mrs. Kate McLean was killed and Mrs. Genevieve Gabriel probably fatally injured by a Northwestern train at the Dempster street crossing. Mrs. Gabriel's 2-year-old son was thrown twenty feet upon an embankment and escaped uninjured.

McMahon Is Found Guilty.

Chicago, Jan. 27.—Jeremiah McMahon, on trial before Judge Brotnow for the murder on Sept. 5 last of Richard McGraw, was found guilty. The jury fixing his punishment at fourteen years in the penitentiary.

Bequest for Elgin Academy.

Elgin, Ill., Jan. 27.—The late Orlando Davidson, father of Mrs. Nathaniel C. Sears of Chicago, left property to the value of nearly \$50,000. Elgin academy receives a bequest of \$10,000.

RACE PREJUDICE ABANDONED.

Boecker T. Washington Admitted to a Fourteenth Denver Hotel
Denver, Colo., Jan. 27.—Boecker T. Washington, the negro lecturer, is the first of his race to be admitted as a guest at the Brown Palace hotel, the fashionable hostelry of Denver. Maxey Taylor, the owner, says:
"He is in the class with Frederick Douglass, and above popular prejudice."

Mr. Washington lectured on "The Future of the Negro" Friday night. "Did you ever regard yourself as a freak?" asked a visitor.
"A what? A freak?"
"There are persons who say that you are an inferior race, and that you are merely an anomalous outgrowth—a brilliant crystallization of the intellectuality that has been thinly scattered through your race."

"No; I don't feel that way," replied Mr. Washington. "I simply used my opportunities and developed my mind. All of us have minds. I am only one-eighth white. I might be entirely white and not exhibit any unusual mental qualities, might I not?"

OLIVER PIKE IS NOT DEAD.

Mystery of Body Found in a Trunk

Materially Dispensed.

Chicago, Jan. 27.—Oliver Pike, whose supposed body was found in a trunk sold at auction in Chicago four years ago, is alive and well. Pike was thought to have been murdered, and the body found in the trunk was turned over to relatives in Delta, Ohio and buried in the family lot. Friday Pike appeared at his mother's home in Delta and was recognized by all the members of the family. Two years ago, according to telegrams from Delta, Mrs. Pike received a letter from Rodlands, Cal., telling her that the son she thought buried in the Delta cemetery was living in that city and living under the name of Harry Price. A correspondence ensued, but nothing definite resulted, and every one but the mother disbelieved the writer of the letters until Oliver returned Friday and was identified. He knows nothing of the body found in the trunk, and has little to say about his disappearance.

DOWAGER EMPRESS SUPREME.

No Change Looked For in Chinese Policy—Emperor Dead or Abdicated.

Washington, Jan. 27.—The state department has received no further news from Minister Conger at Peking than that in his dispatch regarding the imperial edict announcing the appointment of Pu-Chun as the heir-apparent. This edict is regarded as significant of a change of nominal rulers without any change in the present policy of China. It is regarded as indicative of the emperor's death or abdication, and that the firm hand of the dowager empress, who has been the real ruler for many years, will continue to rule the Chinese empire. Li Hing Chang is again in favor with the dowager empress, and it is believed that through his friendship for Russia the Russian influence is now dominant at Peking. Minister Conger reports no indication of any trouble or the interference of any of the European powers.

Rebellion in China.

Berlin, Jan. 27.—Advises from China report that a rebellion has broken out in Shantung province, China, as a result of the edict announcing the abdication of the emperor. Work on the German railway in the province has been stopped.

French Blue Jackets at Peking.

Paris, Jan. 27.—A dispatch to the Figaro from Shanghai states that a detachment of French blue jackets has arrived at Peking.

BANKRUPTCY LAW DECISION.

Preferences Not Allowable Under Certain Conditions.

Chicago, Jan. 27.—A creditor, who has within four months of his debtor's bankruptcy innocently received a payment upon his debt, cannot be permitted to prove his debt in the bankruptcy proceedings nor give from the estate of

the bankrupt a dividend thereon, without surrendering the preference allowed. A ruling to this effect has been announced in the United States Circuit Court of Appeals by Judges Woods, Jenkins and Bunn, and is said to establish a new precedent for creditors under the national bankruptcy act.

The decision was handed down in the appeal of the Columbus Electric company against Charles H. Worden, trustee in bankruptcy of the Fort Wayne Electric corporation, sustaining the district court's ruling that if the claimant should fail to repay the \$2,500 within thirty days, and allow the full claim to be entered as unsecured, then his claim was to be disallowed. Judge Jenkins, speaking for the United States District Court of Appeals, said: "When you ask the court to give you a further share of the estate you must be content to place yourself on an equality with the other creditors, and that can only be done by a surrender of the preference."

Electric Refrigerator Car a Success.

Mobile, Ala., Jan. 27.—The refrigerator car which a party of New York electrical experts and newspaper men have been testing in the south during the past week, is declared to be a complete success, and it is the opinion of railroad men that the adoption of electricity as a means for cooling freight cars will be a great boon to the south, as it will afford a cheap and efficient method of getting produce from this section to northern markets.

Offer to Buy Land in West.

Dubuque, Ia., Jan. 27.—The water company proposes to sell its plant to the city for \$345,000. Last year the plant was valued at \$450,000 by appraisers for the city and at \$585,000 by the company's appraisers. The latest proposition will be submitted to the people at a special election.

Trolley Car for London.

St. Louis, Mo., Jan. 27.—The St. Louis Car company has decided to establish a branch in England. The plant will probably be located in London, and will cost \$100,000.

Saved From Insanity.

Nerve and Blood Diseases the Curse of Modern Civilization.

DR. GREENE'S NERVURA

Blood and Nerve Remedy is Life for the Blood and Strength for the Nerves.

"THE CENTURY'S GREATEST HEALTH-BUILDER."

Thousands of people are nervous, thousands upon thousands suffer from mental exhaustion, weak, shaky and irritable nerves, sleeplessness, gloomy depression of mind and exhaustion of nerve power.

They do not realize the dangerous gravity of their condition, nor the fearful results of neglect of these symptoms.

It is nerve and brain exhaustion, loss of nerve power and physical vigor which makes the brain tired, the arm nerveless, the limbs trembling, the muscles weak, and the whole body without strength, energy or ambition. It is the loss of nerve and vital power which is slowly but surely sapping the very life itself, and unless help is sought from the right source the end will be shattered nerves, insanity, paralysis or death.

Neglect alone is dangerous. Nature has provided, fresh from the bosom of the earth, the nerve strengthening, blood invigorating and health restoring Dr. Greene's Nervura blood and nerve remedy, which certainly and unfailingly cures these terrible nervous diseases, if taken in time.

Use this great and wonderful remedy, and the nervous, irritable, weak and trembling feelings will disappear; your sleep will be natural, calm, restful and you will wake mornings feeling strong and vigorous, instead of tired and exhausted; all gloomy depression and sense of anxiety and dread will fade from your mind; your nerves will become strong and steady as steel; your strength, energy and ambition will be restored, and perfect health take the place of weakness and debility.

Mrs. Janet Johnson, Roxbury Terrace, Boston, Mass., 1873.—

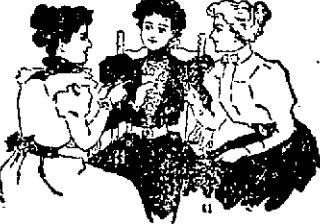

"For the benefit of the afflicted I deem it my duty to say that I was suffering from nervous prostration two years ago; was so weak and prostrate that I could not attend to my household duties; closed my house and gave up my home, as I said no rest. I could not remain in one place; could not sleep for weeks at a time, and insanity seemed sure to result. My case baffled the skill of several eminent physicians. At last, in despair, I resorted to Dr. Greene's Nervura. It produced good sleep in a few weeks, restored my appetite and strength, until I felt like a new woman. I have recommended Dr. Greene's Nervura to many of my friends, who have also derived great benefit."

Dr. Greene, 35 West 11th St., New York City, is the most successful specialist in curing nervous and chronic diseases. He has remedies for all forms of diseases, and offers to give free consultation and advice, personally or by letter. You can tell or write your troubles to Dr. Greene, for all communications are confidential, and letters are answered in plain, sealed envelopes.

WINE OF CARDUI

Woman Knows Woman.

Zurich, Kan., Jan. 31.
I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it.

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman knows. Mrs. Boisvert knows. She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder she recommends it? Is it any wonder that thousands of other women recommend it? They know. They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.

TEA FLAVOR INJURED AT SEA

Consequently Russian Epicures Have Their Supply Brought Overland.

Russian tea traders have received news that the great caravans will shortly start on their long journey across Siberia. Within recent years much of the tea consumed in Russia has made the sea voyage from Chinese ports to Odessa on the Black Sea, but Russians say that tea transported by sea loses much in flavor and quality. In consequence of this the largest tea merchants continue to receive the bulk of their stock by the overland route. Early in January the caravans arrive in Tomsk. Between the 1st and 20th of the month 19,000 sledges of tea are expected, each sledge containing five packages of about 130 pounds each. The tea is not packed in cases, but in stiffened ox hides. Five sledges are tied together and drawn by one horse. The last sledge of each group contains hay and barley, which the horse of the next group quietly munches as he travels. In consequence of this arrangement the caravans lose no time. The first horse only, who does not feed as he walks, is changed from time to time. The horses are changed in the villages along the road, but as villages are rarely met it often happens that the horse collapse from overfatigue. The leaders of the caravan, usually Kirghiz, sleep in the sledges, although the thermometer is often 40 degrees below freezing point. From the Chinese tea-growing districts to Tomsk is a year's journey by caravan.

A Curious Accident.

A curious accident took place at Brookfield, Ind. A local freight train was backed into a siding to allow a fast freight train to pass. The switch was left open, however, and the fast freight, traveling at the rate of thirty miles an hour, dashed into it. The crews of both trains jumped. The impact of the collision was so severe as to drive the tender of the stationary train off its truck, and telescoping a cattle car, which was loaded with coal. It rested half on the top of the third car. On the fast freight a car loaded with hogs was telescoped by one loaded with shelled corn, and the animals not killed in the collision were smothered by the corn. It is said that the locomotives are so interlocked that dynamite will be required to separate them.

Late to Bed and Early to Rise.

Queen Wilhelmina goes to bed at 11 and gets up early. Her first toilet is a quick one, for it is merely a preparation for a good, brisk walk in the park. On these excursions she wears a rough woolen "mante" made like those of the Friesland peasants. When she comes in from her exercise she has a cup of chocolate in her room and then makes an elaborate toilet.—Chicago Tribune.

Three Foes of Health

Henry Jones, of Zenas, Ind., says:

"My sufferings were almost unbearable, and only persons having been afflicted with this rare and dreaded combination of diseases can imagine what they were like. I was confined to my bed almost all the time. My doctor finally acknowledged that neither he nor any one else could cure me. I would not give up, so tried different medicines, and finally began the use of Dr. Williams' Pink Pills for Pale People. The first box of pills helped me some, and I took some more. The second box began to produce the desired result, and before I had finished the fourth box I was at last a cured man. That was last March, and I have not been troubled with these diseases since."—From *Banner Plain Dealer, North Vernon, Ind.*

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of la grippe, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are never sold by the dozen or hundred, but always in packages. At all druggists, or direct from the Dr. Williams Medicine Company, Schenectady, N. Y., 50 cents per box, 5 boxes \$2.50.

A Detailed Map of Rock County . . .

Work is now in progress on a new wall map for Rock County. In size it will be 42x47 inches, mounted on cloth, and each township (of which there are twenty) will be neatly colored. The county will be represented on the scale of 1½ inches to the mile and will show the location of streams, lakes, cities, villages, school houses, churches, town houses and residences, public roads and railroads. It will also locate the farms, giving the number of acres and the name of the present owners wherever it is possible to do so. As fast as the drawings of the townships are completed they are verified so that the map will be as nearly correct as possible. The work will be of great value to business and professional men and farmers, and should find place in every school house in the county. The last wall map of the county was made a great many years ago, so that this new one will fill a long felt want.

The Price is \$6.00.

Only enough of the Maps will be printed to fill orders. This fact should be borne in mind by those interested. Agents will begin the work of canvassing at once; orders may be given them and may also be sent to us in care of The Gazette office. If you will send in your name a representative will call and give more information if necessary.

The undersigned hereby orders W. W. HIXSON & CO. to publish and deliver to me or us . . . Map of Rock County, Wisconsin, for which I agree to pay W. W. HIXSON & CO., or agent, the sum of Six Dollars on delivery of said Map.

The Maps to be mounted on Cloth, neatly colored by townships. The county will be represented on the scale of 1½ inches to the mile and show the location of Streams, Villages, School-houses, Churches, Townhouses and Residences, Public Roads and Railroads also locating the Farms, giving the number of Acres and the name of the present owners, wherever it is possible to do so.

You Can Save Time by filling out and signing in ink your full name to the accompanying order and forwarding it to us, care of The Gazette.
